Fruit Ridge Notes - Tuesday - February 18 - 2020

Hey Faves A Splendid Tuesday to Ya's!!!

**** So **** We got some very Cool Snow-Fall last eve.... Beautiful.
I know....

We are weird ... But when there's a Fire in the FirePlace, and we're feelin cozy...???

We just really like the Fresh Snow... 😊😊

A Few Q & A Thingies....

**** Yes ...**That Paraquat issue is correct If you have any of the New-Label-Product on the Farm, *and if you have Documentation* down-the-street showing you made the Purchase, you are legally obligated to use the New-Label-Restrictions+Rules.... remember...the 1st place the EPA-MDA-Enforcers go to inquire is at the BNRs to see who bought what These are "'R.U.P.'"s..... They can seriously do that.

So... If you're gonna stock up on Old-Label Paraquat/gramoxone, be sure **Not** to have any New-Label on the Farm.

**** Yup ..**The Original-Drop-Dead-Date for us to sell off all existing "Old-Label" Paraquat product *was* 11-14-2019 *but*the EPA graciously extended that Final-Sale-Date to 11-14-20 ...

And **Yes...** the New Rules-Regs-Restrictions all apply to all of the Generic Paraquat Formulations just as much as the "'Gramoxone"' Branded products.

And **Yes...** I do make a big issue out of this Big Issue.... Paraquat is/should be a big part of your Herbicide program...as Glyphosate is really quite dangerous to Blues & all Cane & Bramble Crops, and Young Tree-Fruit Plantings.

**** No---Not Yet ---** We are still in deliberation and cipherin concerning Solar-Panels....

Ill let you know what Ken--Solar says is our bottom-line.... We gotta pull the trigger soon if we're gonna do this.... 😞

**** Yes ...Most of our CSRs do indeed have a great handle on Asparagus Production ... ?? *But* ... Caleb is growing over 1000 Acres now...??? And his Yields & Quality are vastly better than... and hugely more Profitable than.... most all other Producers....???**

I have seen the 12 ft tall Dark-Green-Lush Fern at the 4th-of-July.... and I have seen the Numbers.... just completely Off the Charts Astounding when you look at the comparison of Calebs Numbers and the Oceanna County average Crazy Good....

Warmest
