Fruit Ridge Notes - Wednesday - March 4 - 2020

Greetings Wow Fantastic SunShine this Morning...

******Please start pondering** what might be the Calendar Date of the 1st Certified (by MSU Amy) Scab Infection Event for 2020..... at the Sparta Weather Station....

The first Customer that EMail his Guesstimate will have that specific Date.

You should also select either AM or PM....

******Nope...I agree... Not all Sprayers are created equal...**

That's why a Grower can invest \$29K.... or \$99K in a Sprayer Machine. So..... I believe that there are indeed some very Cool Sprayers out there that can justify 4mph spraying speeds... I'd say about 1 out of 3 can do that.

******Talking to some New Yorkers....** Some kinda nervous about the Forecast.... and their absence of any real deal hard core Winter...??? I said.... "What about where they got 4 feet of Snow?" ...they said "Nobody lives up there. There's nothing up there... and it was a warm snow."???? So....

....We will take what we get. Gotta be prepared.

****** Gall Wasp in Blues.....** There's a Meeting at the Fillmore Complex 12220 Filmore Street...West Olive 11am to 1pm March 9...with MSU Rufus Isaacs
\$10 Registration

******Our fervent Prayers are going up for the Tens of Thousands of Folks hurt in those crazy Tornadoes in Tennessee....especially the Families of the 25 People that perished...and** 🙏🙏❤️🙏🙏

Have a Great Wednesday
