Fruit Ridge Notes - Monday - April 1st - No Foolin - 2019

Hello Friends April Fools Day !!! Hopefully You're all
Surviving the Pranksters ...???

Gowdummit it stays Cold !!! That wind out there is doggone Brutal
!!

....course I'm gettn kinda Old.... Feels Brutal to me....

!!! Spring-Summer Hours are Starting Right Now !!!

Monday thru Friday ~~ 8a - 5.30pm

Saturdays ~~ 8a til Noon.

******Apples--Did Any of You Guys see any SanJose Scale**

Symptoms this past Fall...???

Even if you only saw a 'little bit'... it's gonna get serious unless you get
ahead of it.

--At Half-Inch-Green to Tight Cluster.... 2 Qts-Ac. "**4E**" Lorsban /
ChlorpyrifosNo Oils

--Use 3-4 Pt.-100 ga.Tank-Mix 'InSpray-90' in place of any
Oils....Absolute must. Or... Activator-90...or Regulaid... at almost 2X the
Cost.

--Do this Appln using the 'Alternate-Center' strategy. Make sure to
use only the Maximum 2 Qt-Ac."**4E**"... No more--No less.

--Make sure your Fruit Buyer is not telling you to "Do Not Use" the
4E

If he is, he likely does not want you using Diazinon either...???

--If You had terrible SJScale issues last Fall, Consider using Diazinon
also PreBloom, and again at 2nd Cover--Mid-June

You're only allowed 2 Apps Diazinon [2 lbs.Total]... and only 1
App "**4E**"Chlorpyrifos [2 Qt.Total]

--Coverage is a Huge Factor for SJS Control....Huge. Slow down. You
don't necessarily need any more water... just need to go slow.

--SivantoPrime is a very good 'Rescue'... Use 14 oz-Ac Mid-June...
about **\$34**... Really Good for SJS & Roseys & GreenAphid and really
helps against Woolies.

Apprx-Costs--- "**4E**" \$17 ...and Diazinon \$8.50

--Serious Researchers still Agree....DelayedDormant is the absolute
best timing for controlling SJS.

--They also agree that Post-Bloom Apps of Neonics and Pyrethroids and Imidan help to suppress SJS Populations. Apple Guys really need to stay out front of SJSscale.... It can get down-right awful.

*****Peach Guys....** Soon.... Per 100 Gal.Tank-Mix == 3 - 4 Pt.InSpray-90 And per Acre == 4 Pt- "4E"Chlorpyrifos & 2 Pt. CS2005.

*****Would Appreciate** more FeedBack as to what some of Ya's are hearing from Buyers about "4E" and Diazinon.... ??? Thnx...

Best Regards.... r
